**OWNER, CEO – INFOTEK BUSINESS SOLUTIONS SRL – 02/2005 – Current – MIERCUREA CIUC, ROMANIA**

**Business or Sector:** Information and communication | **Department:** Consultancy |

**Address:** Str. Lelicieni nr. 49/A, 530190, Miercurea Ciuc, Romania | **Email:** [office@infotek.ro](mailto:office@infotek.ro) | **Website:** <https://www.i-tek.ro>

The company was established in 2005, having as main object of activity "Consulting activities in the field of information technology".

From 2005 until now, Infotek Business Solutions has been and is the trusted IT partner of many companies and public institutions across the country and Europe.

In 2010, the company entered the local telecommunications market and began its activity of providing Internet access by purchasing the infrastructure and customer portfolio of two large neighborhood providers in Miercurea Ciuc. Since then, Infotek Business Solutions' client portfolio and coverage have grown steadily, withstanding fierce competition in the local and regional market through professionalism, honesty, transparency and promptness.

Since 2018, our company expands its consulting activity and offers, through the experience of its own consultants and partners, niche services in the field of digitization, digital transformation, technology in education and in the information management systems of education.

Based on the know-how of developing and managing high-coverage wireless networks, acquired in the over 15 years of activity in the telecom field, we have developed our range of services, currently offering professional wireless networking solutions throughout the country. Today, the key to our company's success is the experience combined with the promptness and seriousness with which it serves and treats each customer.

Infotek Business Solutions is the largest local provider of Internet access services in Harghita county and the only company in Romania that offers WISP (Wireless Internet Service Provider) franchise.

The company has implemented the ISO 9001, ISO 27001 and ISO 37001 certifications. It is also licensed in Romania for the installation and maintenance of detection, video surveillance and access control systems, as well as for electronic communications services.
